

VCE Study Skills Evening

FOR PARENTS & CARERS OF STUDENTS STUDYING
VCE UNITS 3 & 4 SUBJECTS IN 2025

Our annual VCE Study Skills Evening will take place on Wednesday 12 February. This session is essential in the partnership between home and school to support students through the senior years of school.

DETAILS

Date: Wednesday 12 February 2025

Venue: Marian Theatre, St Mary's, Barkly Street

Time: 5.30pm-7.00pm

WHY

We expect our students to do as well as they can throughout the year. This will ensure they create as many opportunities as possible for their futures. We want our students to complete Victorian Certificate of Education (VCE) knowing they worked consistently and purposefully across the entire year, having no regrets when results are provided at the end of the year.

We are committed to working in partnership with parents and carers to support their child through the completion of their senior years of school.

Your attendance at the Study Skills session is part of this partnership. We look forward to you joining us on this evening.

ABOUT THE EVENING

The evening should be attended by all students who are undertaking a VCE Units 3 and 4 subject in 2024, accompanied by their parents or carers.

We will provide opportunities for both students and parents/carers to develop a shared understanding of strategies which can be applied to assist students throughout the year.

Following a general information session in the Marian Theatre, students, along with parents and carers, will be able to attend their choice of group sessions covering the following topics:

- Supporting your child and yourself through the emotional highs and lows of VCE
- VCE – learning and organisational strategies that may make a difference.
- Ways parents and carers can assist the learning process
- Making sense of the ATAR - how the VCE score works
- Q and A with former Year 12 students – strategies which worked and did not work for our VCE students
- VCE English – strategies to assist your child
- VCE Maths – strategies to assist your child
- Tertiary Application Processes

If you have any questions, please do not hesitate to contact the College by phoning 5445 9100.
